[Report Suspicious](#)

Good afternoon,

I am commenting on the draft SB 1098 report on behalf of the San Luis Obispo Council of Governments and as a member of the LOSSAN technical advisory committee. Below is my comment:

- The draft report lacks any mention of thruway bus service and recommendations to improve thruway bus transit connection efficiency, collaboration between the state passenger rail JPAs, schedule planning, timetable accessibility, and interconnectedness with the current Pacific Surfliner service. Thruway bus connections fill important gaps in passenger rail, whether due to a lack of frequency options, track closures, trainset equipment issues, or other factors. The report should review this service and provide recommendations if necessary.

Thank you for your consideration,

Lance Okuno
