Invitation To All Interested Parties

California State Transportation Consultation Meeting

The Annual California State Transportation Agency (CalSTA) Consultation Meeting is scheduled to take place on October 29, 2014, in Sacramento, California.

The CalSTA Consultation Policy was adopted this year (June 2014) in accordance with Governor Brown's Executive Order B-10-11. The CalSTA Policy is the product of direct input from tribes and is intended to provide clear guidelines and expectations for CalSTA leadership, departments and staff.

CalSTA and its departments are committed to establishing positive relationships with California Tribes. The leadership of each CalSTA department will be present at this event.

CalSTA relies on the involvement and input of interested parties. This is an opportunity to meet state transportation officials and engage in a meaningful dialogue regarding statewide transportation issues.
