

Draft Recommendations to consider under item 4 on the Agenda for the #13 meeting of the Transit Transformation Task Force Meeting, September 30, 2025

From Task Force Member: Laurel Paget-Seekins, Public Advocates

Strategy: New Sources of State Funding for Transit

Recommendation: The legislature should consider multiple new revenue sources for transit operations in order to increase levels of transit service.

Recommendation: Legislation creating a road charge or per mileage charge for electric vehicles, or to replace fuel taxes, should include allowing transit operations as an eligible expense for funds raised from both passenger and commercial vehicles.
