Subject: Public Comment: SB 125 Transit Program #11

EXTERNAL EMAIL. Links/attachments may not be safe.

Hi SB 125,

To help increase multimodal mass transit ridership, can funding be available to place a notification on real-time APPS, websites & digital bus-stop signs to let those waiting with mobility devices know of available spots on the public transport?

- How many empty wheelchair spots are available on public transport?
- How many empty bike rack spots are available on public transport?
- Capacity percentage.

Thank you

Mike Pisano – Santa Cruz County
