

SB-1 State Rail Assistance Program (as of July 30, 2020)

Commuter Rail			
Rail Agency	SRA Funds	Total Cost	Project
ACE Altamont Corridor Express (SJRR)	\$ 2,500,000	\$ 2,500,000	Initiate ACE Weekend Service: Establish 2 round-trips every Saturday (currently ACE only runs trains Monday through Friday), anticipated for an early 2019 start and for a duration of 12 months.
	\$ 3,400,000	\$ 3,400,000	Fremont Platform Extension: Extend the length of the platform at the Fremont ACE station, allowing up to ten-car train to service the station and promoting safe and efficient boarding and alighting of passengers.
	\$ 500,000	\$ 500,000	Lyoth Derail: Replace hand-thrown derails with electric derails at the junction of the Union Pacific Oakland Subdivision and the California Northern Railroad line, near the Tracy ACE station, allowing ACE speeds through the junction to increase from 40 mph to 79 mph.
	\$ 1,500,000	\$ 11,000,000	Revenue Fleet Rehabilitation: Enable components of ACE rolling stock to be replaced, repaired, or upgraded to ensure revenue vehicles are maintained in a state of good repair and operate in an efficient and safe manner throughout their useful life.
	\$ 500,000	\$ 500,000	Safety Improvement: Improve safety within the existing ACE corridor right-of-way in order to reduce the likelihood of pedestrian injury.
	\$ 587,313	\$ 1,674,810	ACE Equipment Modernization Project: Fund the procurement, construction, installation, and operation of both on-board and station equipment throughout the existing and future ACE corridors. Equipment upgrades will include WiFi, security cameras, operations monitoring and communications equipment, and passenger information display systems.
	\$ 1,512,688	\$ 6,855,228	Robert J. Cabral Station Expansion Project: Reconstruct the Western Pacific (WP) building, creating additional passenger amenities for both ACE and San Joaquins passengers. The project also includes other site improvements at the WP Depot, as well as parking optimizations and enhancements throughout the Cabral Station area.

SB-1 State Rail Assistance Program

Caltrain Peninsula Corridor Joint Powers Board	\$ 1,000,000	\$ 3,010,071	Revenue Vehicle Rehabilitation: With SRA, SB 1 State Transit Assistance State of Good Repair and other funds, replace or repair various components of fleet of 26 locomotives, 96 galley cars and 25 Bombardier cars to increase reliability.
	\$ 500,000	\$ 500,000	Bike Parking Program: Hire bike parking vendors to manage and administer Caltrain's wayside bike parking system and grow train ridership, as part of implementing the Bicycle Parking Management Plan, adopted in November 2017.
	\$ 1,000,000	\$ 291,700,000	Caltrain Positive Train Control (PTC): Implements PTC along the Caltrain corridor to meet federal requirements for the successful revenue service demonstration of PTC by December 31, 2018. PTC tracks train locations and prevents unsafe movements through the use of equipment on-board the locomotives and along the corridor.
	\$ 8,000,000	\$ 182,638,000	Peninsula Corridor Electrification Enhancement (PCEE): With \$8 million of SRA and TIRCP and other funds, exercise contract options on the JPB's existing contract with Stadler, Inc. for the procurement of 37 additional EMUs to increase capacity of the electrified system currently under construction. This additional order will provide Caltrain with an extra three 7-car EMU consists and will extend the 16 6-car sets currently on order to 7 cars each.
Coaster North County Transit District	\$ 10,500,000	\$ 37,000,000	Acquire 5 Tier IV, Low-Emissions Diesel Locomotives: With \$10.5 million of SRA and other funds, replace 5 locomotives with new, cleaner Tier 4 locomotives for more reliable, frequent and faster service. After delivery in 2021, 36 additional trips per week will be added to Coaster service.
Metrolink Southern California Regional Rail Authority	\$ 10,500,000	\$ 16,252,000	Signal Modernization: With SRA and other funds, replace aging mechanical signals with modern electronic units, replace switches and install new crossovers, modernize track infrastructure, and other upgrades near LA Union Station, to improve service. Increases reliability of Metrolink trains to and from all five counties, as well as the Amtrak Pacific Surfliner trains.
SMART Sonoma-Marin Area Rail Transit	\$ 10,500,000	\$ 10,500,000	Additional SMART Service: Increase weekday service from 34 one-way trips to 38 one-way trips and weekend service from 10 to 12 trips. SB 1 funding will also support a portion of existing service added due to the program.

Commuter Rail Subtotal \$ 52,500,000 \$ 568,030,109

SB-1 State Rail Assistance Program

Intercity Rail			
Rail Agency	SRA Funds	Total Cost	Project
Capitol Corridor Capitol Corridor Joint Powers Authority	\$ 2,250,000	\$ 2,250,000	Improve Safety and Security: Fund measures to reduce illegal public intrusion along the rail right-of-way, in order to reduce injuries and death from pedestrians in the rail right of way.
	\$ 1,110,529	\$ 1,110,529	Replace/Upgrade Passenger Information System: Fund the components that deliver improved passenger train arrival/alerts via all communications channels, including signs, servers, data, software.
	\$ 7,839,471	\$ 32,839,471	Pre-construction environmental and design work for Rail and Station Infrastructure Improvements: With SRA and other funds, conduct pre-construction environmental and design work to support service improvements and frequency expansions in corridor segments served by Sacramento to Roseville and Oakland to San Jose trains.
	\$ 1,900,000	\$ 3,217,000	Signal Replacement/Upgrade: With SRA, CCJPA and UPRR funds, replace outdated signal systems to avoid signal system interruptions and train delays.
	\$ 1,441,969	\$ 3,341,969	New Siding near Santa Clara-Great America: Pre-construction activities to support construction of a new siding near Santa Clara-Great America station allowing enhanced special events service at Levi Stadium and reduction in delays for regular rail service. (SRA Intercity Flexible Funds Award)
Central Coast Corridor Coast Rail Coordinating Council (CRCC) & San Luis Obispo Council of Governments (SLOCOG)	\$ 75,000	\$ 650,000	Completion of the Coast Rail Corridor Service Implementation Plan: With SRA and other funds, complete the Coast Rail Corridor Service Implementation Plan, including strategy for implementing the 2018 State Rail Plan and integrating services between Santa Clara and Ventura counties. (SRA Intercity Flexible Funds Award)
	\$ 1,501,500	\$ 1,501,500	King City Passenger Rail Platform: Pre-construction activities to support construction of a King City passenger rail platform to allow service by the existing Coast Starlight and access to Fort Hunter-Liggett U.S. Army Garrison and Pinnacles National Park. (SRA Intercity Flexible Funds Award)

SB-1 State Rail Assistance Program

Pacific Surfliner Los Angeles - San Diego - San Luis Obispo (LOSSAN) Rail Corridor Agency	\$ 208,000	\$ 208,000	Corridor Optimization Software: Purchase of virtual servers and two perpetual licenses for Viriato timetabling and optimization software for service and operational planning and efficient disposition of rolling stock.
	\$ 395,000	\$ 395,000	San Luis Obispo Platform Emergency Repair: Fix platform safety tactiles and electric conduits damaged during recent trackwork at the San Luis Obispo station.
	\$ 400,000	\$ 3,163,000	Grover Beach Station Expansion: With SRA and other funds, expand the existing train station to the south on approximately one acre of land. Provides a new bus drop off location and shelter adjacent to the existing rail platform, 40-45 parking spaces for transit parking, vanpooling and carpooling, and the installation of bike lockers.
	\$ 12,031,047	\$ 12,031,047	Continuity of Operations: With SRA funds, maintain essential service to the customers of the Pacific Surfliner if other sources of funding the service are reduced or eliminated. There are valid concerns that California state funding sources will be dramatically reduced for the next several years due to the COVID-19 pandemic. If/when current state funding is reduced, LOSSAN will be forced to reduce or eliminate Pacific Surfliner service. This SRA funding will be used to increase services level back to a sustainable level for the ridership that rely on its services.
	\$ 260,000	\$ 260,000	Corridor Optimization Software Maintenance: With SRA funds, provide for the ongoing maintenance of virtual servers and networks information for the Viriato timetabling and optimization software for use by the LOSSAN Rail Corridor Agency and Amtrak, for service and operational planning and the efficient disposition of rolling stock.
	\$ 260,000	\$ 10,123,000	Goleta Layover Facility Design: With SRA funds, design an expanded layover servicing area. The project includes trackwork, power switch, asphalt roadway, 480V ground power, lighting, compressed air, water, security fencing, storage building, geotechnical study and geostabilization, environmental and drip pans. The project will expand the capacity of Amtrak's existing Goleta storage facility to allow for additional Pacific Surfliner trainsets to layover and receive turnaround servicing.
	\$ 300,000	\$ 1,500,000	Business Class Refresh: With SRA funds, provide for the upgrade and refurbishment of Pacific Surfliner Business Class rail cars.
	\$ 718,750	\$ 718,750	Improved Wayfinding Signage: Improve wayfinding signage at all 41 LOSSAN rail corridor stations in order to improve customer experience for existing and new riders, in preparation for major SoCal international events. (SRA Intercity Flexible Funds Award)

SB-1 State Rail Assistance Program

San Joaquin San Joaquin Joint Powers Authority	\$ 7,100,000	\$ 8,716,689	Stockton Wye: With SRA and other funds, install new track in the northwest quadrant intersection of the Union Pacific Fresno Subdivision and the BNSF Stockton Subdivision, connecting two railroad mainlines that currently do not have a direct connection that allows this train movement by trains moving to/from the Port of Stockton, causing significant delays for ACE, San Joaquin and other freight trains.
	\$ 900,000	\$ 900,000	Merced Parking Lot at Amtrak Station: Construction of new parking lot adjacent to the Merced Amtrak Station with approximately 80 spaces, doubling parking capacity in support of additional ridership growth on Amtrak San Joaquin trains.
	\$ 3,000,000	\$ 6,855,228	Robert J. Cabral Station Expansion Project: Contribution of SRA funds to the ACE project for improvements to the Western Pacific (WP) building and other sites at the WP Depot, as well as parking optimizations and enhancements throughout the Cabral Station area.
Statewide California Department of Transportation (Caltrans)	\$ 2,000,000	\$ 2,000,000	Stockton Regional Rail Maintenance Facility Expansion Project: Pre-construction planning, environmental and design to allow intercity rail rolling stock to be maintained at an expanded facility. (SRA Intercity Flexible Funds Award)
	\$ 200,000	\$ 200,000	Next Generation Statewide Fleet Planning and Support: Development of coordinated rolling stock procurement strategies to enable future zero emission and near zero emission rolling stock to meet the needs of growing rail ridership and services. (SRA Intercity Flexible Funds Award)
	\$ 250,000	\$ 250,000	Supporting the Integrated Travel Project: Development of statewide travel benefits and specialized fare products designed to increase ridership on multi-agency services. (SRA Intercity Flexible Funds Award)
	\$ 970,271	\$ 970,271	Pilot Program: Services to Fill the Gaps: Evaluate opportunities and fund pilot services to fill gaps in the state intercity rail system, including connections to the North State, between SMART and the Capitol Corridor, and between the Peninsula and the East Bay. (SRA Intercity Flexible Funds Award)

Intercity Rail Subtotal \$ 45,111,537 \$ 93,201,454

Total \$ 97,611,537 \$ 661,231,563
